Deserted During Honeymoon.

Chapman, Neb., August 7.- Special to THE BEE |- The following are the facts concerving a sensation which has launched the quiet people of Chapman into a sea of excitement: H. H. Bacon, son of W. B. Bacon of this place, while night operator at Ogallala, Neb., met and won the heart and hand of Miss Annie Cerey, a visitor from Chicago. During the engagement Henry returned to Chapman and entered into partnership with Chapman and entered into partnership with his father. No one supposed an engagement existed, and everybody was surprised when he returned from Chicago with a wife. The peaceful harmony of the honeymoon did not last long, however. While his wife made life-long friends of all whom she met, Henry disgusted his acquaintances by his neglectful and disagraeable manner towards here. able manner towards her. It soon became a noticeable fact to the outside world that there must seen be a separation. Henry turned over all of his property in his father's name and renewed his relations with one of his old lovers by meeting her secretly and writing private letters thall public scutiment became so trong as to threaten him violence.

He quieted with the promise of being a more loving lashand and made all arrangements, as his wife supposed, to accept a situation offered him on the Wisconsin Central rallroad at Chicago. On Monday, July 28, they departed, and upon the arrival at Chicago were met by the wife's parents. Henry landed over their baggage checks, Saving he would join there at the contract of the contr Saying he would join them at dinner. But dinner came and went, also did tea, and when the next morning dawned and no Henry his wife gave up all hopes of his return and in the search through, his trunk found it filled with old rubbish instead of clothes. Hidding in the growd H. H. Bacon had boarded the same trainfor Otis, Mass., where he has relations. His wite has wen the sympathy of many friends by her pleasant and ladylike accomplishments.

THE WESTERN ASSOCIATION.

A Called Meeting of Directors Held in This City Yesterday.

THE DES MOINES TEAM DROPS OUT.

A Tender of the Franchise Made to Grand Rapids - Kansas City's Claim to Hart and Traffley Denied.

A called meeting of the Western Ba se Bul ssociation was held in the parlors of the Millard yesterday afternoon and evening.

Omaha was represented by President J. S. McCormick; St. Pau, Secretary M. J. Roche; Minneupolis, H. L. Hatch; Sioux City, George J. Common; Des Moines, E. J. Cooper; Denver, D. E. Rowe; Kansas City, R S. Staten; and Milwaukee, C. H. Cushman. The object of the meeting was the disposi tion of the Des Moines club's franchise, the representative of that club having announced that they would pay off their players after yesterday's game and disband.

The subject was exhaustively discussed and it was finally resolved to tender the franchise to Grand Rapids, Mich., that city having applied for the first vacancy. A telegram was sent Grand Rapids, notifyig her of the decision of the association, and he meeting adjourned until 8 o'clock.

The claim of Kansas City on Hart and Traffley, one of Des Moines' batteries, was decided adversely to the Cowbeys. These decided adversely to the Cowboys. These two men were signed two weeks ago by Manager Manning, when it was announced that Des Moines would quit. The two games in dispute between these two clubs were declared Dave Rowe, of the Deaver club, also

came in for a little attention at the hands of the representatives, and thus it will be seen the representatives, and thus it will be seen that The Bee's advice has not been unheeded. David was informed in tones more emphatic than gentle, that if he undertakes to play exhibition games with brotherhood teams, the resignation of the Denver club will be acceptable, otherwise they will be

Representative Common also stated to the convention that the Sioux City team, commercing with Monday, must consent to a wholesale reduction of salaries, or the club will follow Des Moines on her march to join the pule caravan.

Nothing was done at the evening session

and an adjournment was taken until this morning at 10 o'clock. By that time it is expected that word will be received from Grand Rapids and final action will be taken on the sale of the Des Moines franchise. The club will go with the franchise.

Of the other two cities wanting the franchise, Lincoln and St. Joe, little is expected just at present. St. Joe is not wanted by the association managers, as she has been tried and proved a quitter in the middle of the season, and Lincoln does not exhibit an abnormal eagerness to jump into the fray so far along in the summer. The city securing the Des Moines franchise will however. will, however, have an opportunity to see an abundance of good games before the end of the season, as they will have twenty-one games on the home grounds. Grand Rapids has long been an applicant and is regarded as dead sure to fill the vacancy.

Brusy gave it up as a bad job and left the grounds, swearing that he would at once commence a varied assortment of damage suits ugainst he local management.

But it wasn't plain sailing with Bauswine out of the way. Des Moines was still un-satisfied, and after a wrangle it was decided to try the double umpire act, with Bandle and Roach, the latter one of he Prohibition players, officiating, The game was finally called, and for five innings proved a decidedly interesting and exciting one. Clarke and Moran occupied

the points for the home team, with Hart and Traffley doing like service for the visitors. Both teams were blanked in the first bout and Omaha drew another cipher in her half of the second. But the gentlemen from out the land of interdicted whisky decided on change of programme. With Brimblecom on first, which he reached on the initial hit of the game, and two men out, Pitcher Hart made the longest hit ever made on he home grounds, lining the ball learly over the center field fence. This gave ne visitors two runs and that's all they got.

lart gave way to Clare., who pitched two innings.

Omaha drew blanks until the sixth inning, when the score was tied in a manner that disgusted the audience, drove both teams crazy, knocked one umpire and a captain out

of the field, and delayed the game for more han a half hour. Walsh got first on Macullar's error, wen

wash got hist on Maculiar's error, went to third on Kearn's hit and McFarland's error, Kearns going to second. Cleveland went out at first. Hauraban sent a long fly to left, which Brimblecom captared, and Walsh scored. Kearns reached third and started for home. Patton caught him and held on until he tore Kearns' shirt sleeve out. Kearns ran home and was called safe by Bandle, who was passing judgment on balls and strikes. The entire Des Moines team and strikes. The entire Des Moines tear roared, and for a half hour everybody had inger in the pie. Finally the play went on and Acting Umpire Roach withdrew from the game and was followed in the next inning by Macullar. After order had been restored Macullar pitched the inning out, the Black Sox scoring another run on Andrews' two-sacker and Wilus' single. The Prohibitionsts put Myers in the box in the seventh, and e was touched up for three hits, which coupled with two errors and a few stolen cases, yielded four runs for the Omahas, and three more were added without an effort in The score:

THE RAILROADS ON THE RUN. CELMAN'S RESIGNATION.

They Show Evident Signs of Weakening on Their Bill of Lading.

ROADS PUT IN A LUCKLESS POSITION.

They Can't Stand the Present Boycott Much Longer-The Shippers Continue Their Session.

Careago, August 7. - (Special Telegram to THE BEE |-The railroads are already on the run in the matter of the uniform bill of Inding. They appear as perfectly convinced as ever that the form is a good one, but they have abandoned any attempt to convince the shippers of this belief. A traffle official of one of the most prominent cast-bound lines sand today: "The present situation is an extremely unfortunate one for the railroads. It was brought on by the arbitrary action of Chairman Blanchard, and the roads themselves must straighten out the snark. I don't believe Chairman Blanchard meant to deceive the representatives of the shippers, but the

shippers themselves believe he did.

"We can't stand the present boycott and we won't much longer. I know that a committee of railroad men could meet the shippers and agree almost impediately on a satisfactory bill of lading. We are agreed on the main point that there should be a uniform bill of lading and with this as a basis we can seen come to terms. You can see the we can soon come to terms. You can see the effect of the boycott plainly in our shipments and the one of a week from Monday will be an astonisher. Men who have shipped with us year after year now turn all their business over to the Grand Trunk and Wabash-Canadian Pacific route. I have talked with a number of other roads which use the new bill of lading and all are agreed it must be changed to meet the views of the shippers.

The national meeting of shippers' representatives continued its session today. It spent the morning in going over the uniform bill of lading and changed it so that its original framers would not have recognized an article without an introduction. The keyunanimously resolved to organize a na-tional association of shippers with power to take any action to pro-tect the rights of shippers and primarily to boycott all roads using the new bill of lading.

Some idea of the weight of this organization may be gained by the remark of one of the delegates that over 50,000 shippers, big and little, would consider themselves bound by the boycotting resolution. A series of where-as'es relating that the shippers of all the principal cities in the United States had been promised a conference before the bill of been promised a conference before the bill of lading was put into effect, and that this promise had been ignored; that the new bill advanced rates from 20 to 50 per cent under the same conditions of shipment; that the new form, is not a bill of lading, but a special contract and that it is not justified in law or equity, was followed by these resolutions:

Resolved. That our carnest protest against the unjust and unreasonable course pursued by the railways embraced in the central traffic runk line, southern railway and steam-ship association and the united take lines be

Resolved. That we recommend to all shippers and receivers that they continue to pro-test against the enforcement of this special contract, and that all charges which may be executed as compensation for shipping under customary conditions and liabilities be submitted to proper legal tribunais for the pur-pose of testing their justness and reasona-bioness. A telegram was received from Chairman

A telegram was received from Chairman Blanchard, in response to the one sent him last night, stating that he would lay the request for ceasing temporarily the use of the new bill of lading before the joint committee now in session in New York. No other word being received, at 5 o'clock the meeting adjurned subset to the sell of the deciment. journed subject to the call of the chairman.

The Chicago committee of the Central Traffic association today took action which widens the breach temporarily, but which will tend to close it, as several of the east-bound lines will refuse to be bound by it. The action was in relation to the custom of endorsing the through rate on receipts from trary to the requirements of the new bill of lading. Western shippers are notified that under this resolution higher rates will be

charged unless shipments are at owners' risk. The Joint Committee Adjourns. New York, August 7 .- The meeting of the oint committee of the Trunk Lines associaion and Central Traffic association adjourned to reconvene in Chicago, Thwrsday, August 14. All questions pending before the meeting have been deferred to that time. A telegram was sent to the shippers' conference in Chicago, declining to rescind the instructions putting into effect the new bill of lading. The telegram asserts that with the new bill as a basis a conference committee can amend and change it so as to secure more effectually than in any manner a form acceptable to all interests

Kansas Railroad Rates Reduced. KANSAS CITY, Mo., August 7 .- As a result f Monday's conference with representatives of Kansas railways the Kansas railroad commissioners have decided to order a reduction in merchandise and grain rates. The reduc-tion brings rates down to the Iowa level and will amount to a 10 per cent reduction from

It is Accepted Amid the Greatest Re-

Joicing. LONDON, August 7.—[Special Cablegram to THE BEE.]—A dispatch to the Times from Buenes Ayres says: After the reading in the chamber of deputies of Celman's message tendering his resignation of the presidency, General Roca invited members to express their opinion as to the advisability of accepting it. General Mansella opposed its acceptance on the ground that such an action by the chamber would be an admission of the triumph of the revolution and of Buenos Ayres over other provinces of the republic He declared that the action of President Celman in tendering his resignation was culpa-

ble cowardiee. General Roca explained that he had sacrificed himself in order to show how utterly impossible it was for Celman to continue in the presidency after the mistakes made by members of the president's party. Nobody, he declared, could serve a man who had shown such complete incapacity and who had gravely compremised the country. It was not Buenos Ayres alone which apposed President Celman, but every province of the republic, and every honest man was against him. General Roca's remarks were greeted with applause. A vote on accepting the General Roca explained that he had sacriwith applause. A vote on accepting the resignation was taken in dead silence, but when the result was auromeed, showing a ampority in favor of accepting it, the chamber

General Roca quiety left the chamber by a buck discretion order to escape the joyful demonstration of those present. There is much rejoicing throughout the city at the success of the movement to force President Otherson. Celtnan's resignation. It is probable that General Roca will be minister of the interior in the new cabinet. Senor Irojoyen will probably be minister of foreign affairs mud Senor Castra minister of finance. Senores Laplace, Uribura and Gaves are also mentioned as probable members of the new cabinet. Or. Delvalle addivised a meeting of citizens last night. In the course of his address he said: "The Argentine republic is now secure. It will not have a government of robbers."

ILLINOIS POLITICS.

Governor Fifer in Chicago to Consult With Republican Leaders.

CHICAGO, August 7 .- [Special Telegram to THE BRE, |-- Governor Fifer and his executive officers are in the city in consultation with the members of the executive committee of the republican state central committee. The principal topic of conversation is the Farmers' Mutual Benefit association, which is just now the organization that requires most watching on the part of the political managers within the state. "Long" Jones and his colleagues view with apprehension the evident defection within the ranks of the alliance and fear that the farmers may take a stand behind Wil

the farmers may take a stand behind Wilson of Olicey and other democratic nominees, which will imperil republican success.

Chairman sones, in his wisdom, has selected as good an executive committee as the party in the state can predice. Colonel Charles C. Fullerton of Ottawa, being the first member chosen, is, by virtue of time homoral precedent, head of the committee. His assistants are Albert A. E. Wilcox of Minona, General James S. Martin of Salem, Peyson Roberts of Monmouth, Clarence R. Paul of Sorragical, Thomas Dehler of Stering and Pliny B. Smith of this city. These men are all war horses, known over the state, men are all war horses, knewn over the state, excepting Clarence Paul, who is an old newspaper man, once and for a long time secretary of Senator Cullom and now editor of a leading secretary. ing paper of Springfield.

CONVICTS REPORT.

A Riot in the Massachusetts State Prison at Charleston.

Boston, Muss., August 7.-For some time past trouble has been brewing at the Charleston state prison, having its origin in the objection of the inmates to submit to the enforcement of the Bertillen system to the enforcement of the Bertillon system of measurement. This afternoon the convicts in the shoeshop refused to obey orders and, as if by some prearranged signal, all set up a terrible yell and missiles of every description were sent flying in all directions, the windows on the north and west sides being entirely demolished. They made a dash for the yard and a mob of over fifty infuriated convicts, rushed for the western lines. The committee decided this custom should be abolished as being convarious walls. Instantly the sentries began firing. The other officers of the institution were quickly at hand and with drawn revolvers soon massed the gang in groups after a hard fight, in which clubs were freely used and many of the con-victs' heads were badly crushed. Word was quickly sent to police headquarters, n a short time 200 policemen reached the prison in patrol wagons. It is not thou that any of the prisoners were seriously wounded, but as the excitement has not fully subsided it is impossible to say what the result of the shooting was. The guards on the walls have been trebbled and a large number of police are massed in the yard and corri-

Louisiana Anti-Lottery League. BATON ROUGE, La., August 7.-The antilottery league met in convention here this afternoon. Between four and five hundred delegates were present, I. T. Bell was elected president and various com-mittees appointed. The following resolution was unanimously adopted: "That this convention recognizes with gratitude the effect with which the farmers' alliance, a body of men largely composing the bone and sinew of the state, men whose hearts are always for the right, made their initial step in the war against the lottery company and was the first organized body to denounce the scheme to recharter," and requesting the co campaign now on foot against the Morris lot

tery proposition. Illinois Republican Leaders Meet. CHICAGO, August 7.—The executive commit tee of the republican state central committee today had a consultation with Governor Fifer and several party nominees. It was a secret session and the members were reticent in tall ng about what had been accomplished. About the only definite business transacted was the election of George Schnider, president of the National Bank of Illinois, as treasurer. There was much discussion on other matters, however, the farmers' organization and their probable attitude in the campaign playing an important part, though General Martin claimed that the matter was only discussed as that question and the temperance question always are in making campuign plans.

Georgia Democrats.

ATLANTA, Ga., August 7 .- At the state democratic convention the following ticket was nominated: Governor, W. J. Northerd, Hancock county; secretary of state, General Phil Cook, Lee; treasurer, R. M. Hardemann, Newton; comptroller general, Captain Wright, Richmond; attorney general, Judge George Lester, Cobb; commissioner of agriculture, R. T. Nesbitt, Cobb. The platform favor correcting all abuses of government; reliants upon the integrity and ability of the demo cratic party and points with pride to the fidel-ity with which the affairs of state have been administered by the present incumbents.

In the Commons.

London, August 7.-In the commons to night Sir James Ferguson, replying to Mr. Schwaring's strong criticism on Turkey's dealing with Armenia, said he regretted that member's unfortunate language, which was almost enough to incite the Armenians to rebel. Admitting that there menians to rebel. Admitting that there had been acts of brutal cruelty, it was only just to say that Turkey had acted much better than in former times. CONGRESSIONAL PROCEEDINGS

Conference Report on the Sundry Civil Bill

Presented to the Senate.

NO ACTION TAKEN ON THE MEASURE Hoar Reports a Substitute for the House Election Bill-Rivers and Harbors to be Con-

sidered Next Week.

Washington, August 7. - In the senate today, after some preliminary business, the tariff ill was taken up, the pending question being m Mr. Vance's amendment to reduce the duty on pig iron from 3-10 of 1 cent per pound to \$5 per ton. It was defeated by a strict party vote.

The next paragraph, which taxes bar iron, round iron, flats and square iron from 8-10 of cent per pound to I cent per pound, accordng to classification, was taken up.

Mr. McPherson moved to amend by striking out the rates per pound and inserting a uniform rate of 50 per cent advalorem. After some debate the amendment was ro-

jected by another strict party vote. When the paragraph relating to beams, girders and other structural shapes of iron or iteel was reached the rate was reduced from

9-10 to 8-10 of 1 cent per pound.
The turiff bill was temporarily laid aside to allow Mr. Allison to present the conference report on the sundry civil appropriation bill. The bill, said Mr. Allison. as it passed the house had carried \$28,000,000 and was increased by the senate \$5,000,000. The net reduction agreed to in the conference committee amounted to \$3,700,000, so that the bill was carried under the conference report \$29,552,000. The amendment as to a Latin-American memorial library had been struck out, also the provision for the expenses of two additional land offices. The appropriation of \$130,000 for military posts had been reduced to\$40,000. All the senate amendments relating to national soldiers' homes (including that to national soldiers' homes (including that appointing managers) had been struck out. The matter will now go to the military committees of the two houses. The provisions in relation to irrigation surveys had been postponed for further conference. The conference report was ordered printed and went over till tomerrow without action.

WASHINGTON, August 7. In the house to-

varia, a resolution was adopted calling on the postmuster general for copies of the agreements for the transportation of mails between the United States and foreign countries, the conditions upon which awards are made and the rates of payment for the service.
The house then went into committee of the whole on the general deficiency bill.

Mr. Rogers moved to strike out the clause appropriating \$6,000 to pay George Matthews in full for the unexpired time in the Fifty-first congress for which he was elected as a delegate from the territory of Dakota. Mr. Clunic offered an amendment granting an extra month's pay to the employes of the senate and house. Agreed to.

The Hastings Shoot. Hastings, Neb., August 7.— [Special Telegram to The Bee.]—The gun club shoot was held at the fair this afternoon. The wind blew a gale, and this accounts for the poor scores made. The main event was the match shoot between F. S. Crabill of Hastings and J. Den of Arapahoe for \$200 a side, fifty live birds each. Crabill won, killing forty to Den's thirty-nine. In the sweepstake shoot-ing first money was won by F. S. Crobill, second by Tomay Crobill, and third by Rey-nard of Grand Island. The lotato Crop of Minnesota. St. Paul, Minn., August 7.—[Special Telegram to Tun Bes. |-Inquiry among farmers dicits the information that the potato crop of Minnesota is small, probably less than onethird of an average. The tubers brought in market are not much larger than walnuts, and but few are found in a hill, the extremely hot weather having ripened and killed the vines before the potatoes developed. Merchants have put the price up to \$1 a bushel and predict that it will be twice that s soon as the great shortage becomes generally known.
